

Music and Singing

Role of Adult:

Encourage your child to sing, rhymes or songs from the radio. You can model this on car journeys as you sing along to the radio. This will encourage them to have a go too.

Your child is learning...

- * To move their bodies to sounds they enjoy
- * To listen to and join in with rhymes and songs
- * To create their own sounds

At home you could...

- * Sing songs together
- * Dance to music
- * Make different noises using items from around the home
For example pots and pans
